PROFESSIONAL SUMMARY

Dedicated Android and web developer focused on fast, scalable, and user-friendly products. Delivered Android, Flutter, WordPress, and full-stack web projects for clients, with two personal Android apps live on the Google Play Store. Helps clients turn ideas into reliable digital solutions — mobile apps, responsive websites, or complete backend systems — using modern AI tools such as Cursor and Claude to move faster without sacrificing architecture or code quality.

WORK EXPERIENCE

Senior Android & WordPress Developer

Apr 2022 – Feb 2024

Niyel Technologies Ltd. · Nicosia, Cyprus

- Delivered Android (Java), Flutter, and WordPress solutions for client products.
- Built production apps including Bluetooth-connected barcode/label printing workflows.
- Developed and customized WordPress sites such as KIBSO (kibso.org).

Front-End Web Developer

Aug 2020 – Dec 2021

MBL High-Tech · Kyrenia, Cyprus

- Created and managed responsive front-ends for client websites.
- Handled testing, debugging, and ongoing UI improvements.

Android App Developer Intern

Jun 2019 – Aug 2019

Gigabyte Ltd. · Nicosia, Cyprus

- Designed a stock management application in Android Studio with SQLite.

SELECTED PROJECTS

ApnaShadiHall — Marriage Hall Booking Platform (Flagship)

Full-stack · Live

Designed and developed a full-stack platform for discovering, comparing, and booking marriage halls with role-based dashboards for customers, hall owners, and administrators. Features include real-time slot availability, owner calendar blocks, booking holds with timed payment windows, SafePay payments (webhooks & reconciliation), dynamic quoting (seasonal pricing, packages, catering, discounts), Cloudinary images, and Brevo transactional email.

Tech: *Laravel 10, PHP, MySQL, Blade, Tailwind CSS, Alpine.js, Vite, SafePay*

<https://www.apnashadihall.com/>

Quietify

Android · Google Play Store

Location-based Do Not Disturb automation. Users mark quiet zones on an interactive map; the app enables silent mode on entry and restores normal mode on exit, with foreground service and real-time location tracking (OSMDroid, FusedLocationProvider).

Tech: *Java, Android SDK, OSMDroid, Google Play Services, Foreground Service*

<https://play.google.com/store/apps/details?id=com.gghushtipedia.quietify>

Chhach Deals

Android · Google Play Store

Marketplace app for buying and selling mobile devices — ad posting, buyer–seller connection, authentication, and messaging.

Tech: *Android, Java, Auth, Messaging*

<https://play.google.com/store/apps/details?id=com.chhachdeals.gghushtipedia>

Label Printer

Android · Client (Niyel Technologies)

Production Android app for barcode scanning and thermal label printing over Bluetooth, synced with a remote server database and SQLite offline cache.

Tech: Java, Bluetooth SDK, REST APIs, SQLite

KIBSO

WordPress · Live

Custom WordPress website for Kıbrıs Türk Sanayi Odası (TRNC), communicating the organization's mission, services, and offerings.

Tech: WordPress, Custom theme

<https://www.kibso.org/>

ADF Cyprus

Web · Archived (site no longer live)

Furniture store website built from scratch with product search, store information, and PDF catalogue viewing.

Tech: HTML, CSS, JavaScript, PHP, MySQL

SKILLS

Mobile	Native Android (Java/Kotlin), Flutter, Jetpack Compose, Firebase, Retrofit, Room, Material Design, Play Store deployment
Web & Backend	Laravel, PHP, MySQL, HTML5, CSS3, JavaScript, Bootstrap, Blade, Tailwind, Alpine.js, REST APIs
WordPress	Custom themes & plugins, Elementor, custom post types, hooks/filters, responsive themes
AI Tools	Strong working knowledge of Cursor and Claude for accelerated development, debugging, and delivery
Other	Git/GitHub, JUnit/Espresso, third-party SDK integration, UI/UX and responsive design

EDUCATION

Master in Computer Engineering

Cyprus International University · Nicosia, Cyprus · Sep 2020 – Jul 2022

B.S. in Computer Engineering

Cyprus International University · Nicosia, Cyprus · Sep 2016 – Jul 2020

LANGUAGES

Urdu (Native) · English (Proficient) · Turkish (Basic)
